ISO 42001 Consultant – AI Integration Specialist

Description

We are seeking an ISO 42001 Consultant who is also an AI Integration Specialist. This unique role combines the precision of ISO standards with the dynamic world of AI.

Responsibilities

1. **AI Integration:** You'll be the maestro conducting the symphony of AI integration, ensuring each note (or line of code) hits the right pitch.
2. **ISO 42001 Compliance:** Like a seasoned explorer, you'll navigate the landscape of ISO 42001, guiding our clients through its intricacies.
3. **Aii Methodology:** You'll be the Aii captain steering the ship of deployment, ensuring smooth sailing from the harbor of development to the shores of implementation.

Qualifications

1. **Experience:** Proven track record in AI integration. If you've ever taught an AI to sing, we want to hear from you!
2. **Education:** Bachelor's degree in a relevant field. If you've ever solved a Rubik's cube in under a minute, that's a bonus!
3. **Skills:** Excellent communication, problem-solving skills, and the ability to turn a complex problem into a simple solution.
